

708447 : OES-80CS:Oscillating Edge Sander: CS

The JET Oscillating Edge Sander has the accuracy and durability you need, in one exceptionally well designed machine. Edge, face, bevel, and contour sanding are at your fingertips - with the power for big jobs and control for fine work; all with the power and durability you've come to expect from JET.

Features and Benefits

- Oscillating feature reduces heat build-up on sanding belt to reduce loading and burning which increases belt life
- Quick release lever and tracking control dial are conveniently located for replacing and tracking belts
- Belt platen is made from precision-ground steel plate for strength and durability
- Graphite covered steel platen runs cooler increasing machine and belt life
- Cast iron table moves up or down to provide exact workpiece positioning

Accessories

57620025 JS-1 Jet-Stik Belt Cleaner
